

Happy
Christmas

Chairman, Mole Valley District Council

With every good wish for a Merry Christmas and
a Happy, Prosperous and Healthy New Year

Councillor Mary Huggins

About the Chairman's Charities

Leatherhead Youth Project (LYP) is a registered charity working to see positive social transformation amongst teenagers in a deprived community in Surrey through the provision of innovative youth services and life-changing opportunities. Our organisation launched 14 years ago with one youth worker and the opening of our state of the art premises, BFree Youth Cafe, within the old All Saints Church building in Leatherhead. We are now a team of 8 full-time youth workers and councillors, working across the borough of Mole Valley with over 350 young people regularly, helping young people to turn their lives around and make positive long term changes.

The Belong Community Project is an exciting new project delivering services to the community which complement and enhance the local Early Help offer and demands.

Belong will deliver early intervention and prevention services which meet locally identified needs and opportunities for children, young people and their families in Dorking and the surrounding areas.

Belong aims to be the "go to" organisation that can develop new projects that make the lives of Dorking's children and young people better.

PSDS is a local charity dedicated to providing support for children and young people with Down syndrome and their families. It was established by three mums who met because they all had a baby born with Down syndrome within a few months of each other.

The babies are now teenagers and the charity has also grown. More than 100 families to-date have benefited from PSDS services.

PSDS works hard raising expectations about what individuals with Down syndrome can achieve. The charity's foremost objective is to help children and young people, who just happen to have Down syndrome, reach their full, wonderful potential.
